Notes on Online Manual Usage

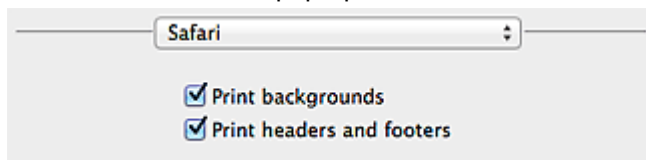

- Reproduction, diversion or copying of any text, photo or image published in the *Online Manual* (hereinafter referred to as "this guide"), in whole or in part, is prohibited.
- In principle, Canon shall change or delete the contents of this guide without prior notice to customers. In addition, Canon may suspend or stop the disclosure of this guide due to unavoidable reasons. Canon shall not be liable for any damage suffered by customers as a result of changes in or deletion of information in this guide, or suspension/stoppage of disclosure of this guide.
- Although the contents of this guide have been prepared with utmost care, please contact the service center if you find any incorrect or missing information.
- In principle, the descriptions in this guide are based on the product at the time of its initial sale.
- This guide does not disclose the manuals of all the products sold by Canon. See the manual supplied with the product when using a product that is not described in this guide.

How to Print

Use the print function of your Web browser to print this guide.

To print background colors and images, follow the steps below to display the Print dialog options, then select the **Print backgrounds** checkbox.

1. Click **Print...** from the **File** menu.
2. Click **Show Details** or  (Down Arrow).
3. Select **Safari** from the pop-up menu.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.
3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of

their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:
 1. You must give any other recipients of the Work or Derivative Works a copy of this License; and
 2. You must cause any modified files to carry prominent notices stating that You changed the files; and
 3. You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and
 4. If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.
6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.
7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.
8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of

goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

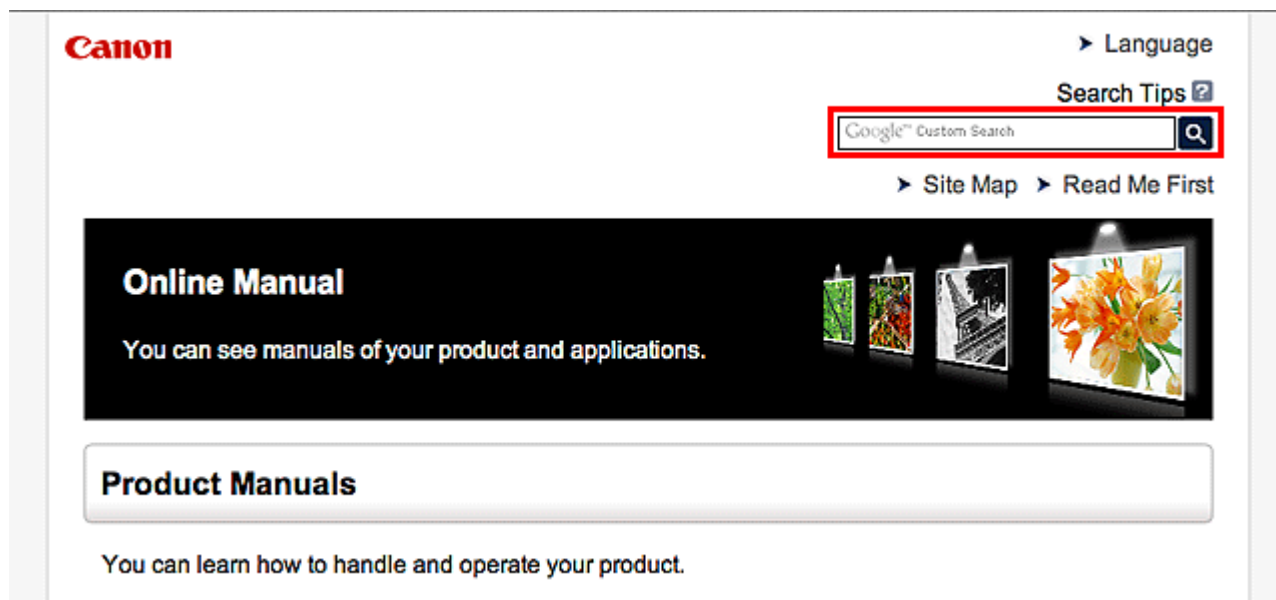

END OF TERMS AND CONDITIONS

Enter keywords in the search window and click  (Search).

You can search for target pages in this guide.

Search Tips

You can search for target pages by entering keywords in the search window.

»» Note

- The displayed screen may vary.
- When searching from this page or the "Home" page without entering your product's model name or your application's name, all products supported by this guide will be considered for the search.
If you want to narrow down the search results, add your product's model name or your application's name to the keywords.

• Searching for Functions

Enter your product's model name and a keyword for the function you want to learn about

Example: When you want to learn how to load paper

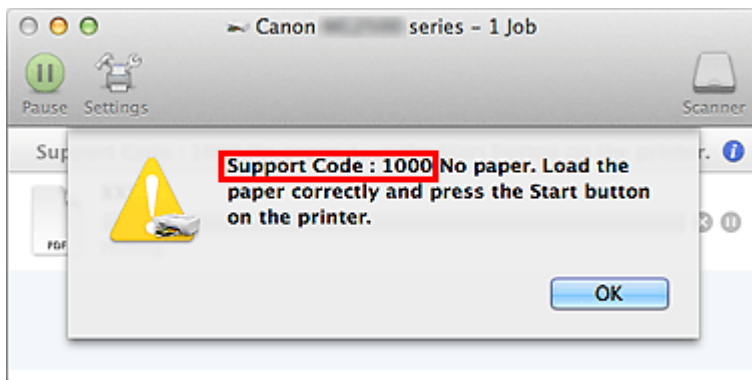

Enter "(your product's model name) load paper" in the search window and perform a search

• Troubleshooting Errors

Enter your product's model name and a support code

Example: When the following error screen appears

Enter "(your product's model name) 1000" in the search window and perform a search

►► Note

- The displayed screen varies depending on your product.

• Searching for Application Functions

Enter your application's name and a keyword for the function you want to learn about

Example: When you want to learn how to print collages with My Image Garden

Enter "My Image Garden collage" in the search window and perform a search

• Searching for Reference Pages

Enter your model name and a reference page title*

* You can find reference pages more easily by entering the function name as well.

Example: When you want to browse the page referred to by the following sentence on a scanning procedure page

Refer to "Color Settings Tab" for your model from Home of the *Online Manual* for details.

Enter "(your product's model name) scan Color Settings Tab" in the search window and perform a search

General Notes (Quick Toolbox)

Quick Toolbox is subject to the following restrictions. Keep these points in mind.

- Refer to the Canon website for products supporting Quick Toolbox.
- Available functions and settings vary depending on your printer and the country/region setting. Internet connection is required depending on the function to be used. Internet connection fees apply.
- In this guide, descriptions are mainly based on the screens displayed when using Mac OS X v10.9.

About Downloading the Corresponding Software

- To use each function, you need to install the corresponding software. Access the Canon website to download and install the software.
Internet connection is required for downloading. Internet connection fees apply.

What You Can Do with Quick Toolbox

Quick Toolbox is a shortcut menu that allows you to easily start the functions you want to use. You can quickly start the utilities supporting Quick Toolbox to set up or manage the printer, or access this guide with one click.

You can also set a network folder as the destination for images scanned from the operation panel of the printer and for received fax data.

Starting Software from Quick Toolbox

In Quick Toolbox, you can start software or open manuals from the Main Screen.

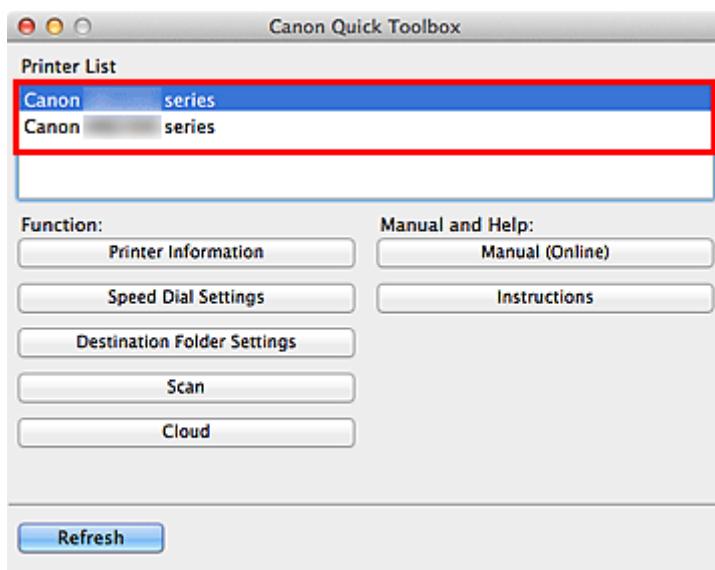

1. Click (Canon Quick Toolbox) in the Dock.

The [Main Screen](#) appears.

»»» Note

- When the icon is not registered to the Dock, from the **Go** menu of Finder, select **Applications**, then double-click the **Canon Utilities** folder, **Quick Toolbox** folder, and then **Canon Quick Toolbox** icon.

2. Select your printer from **Printer List**.

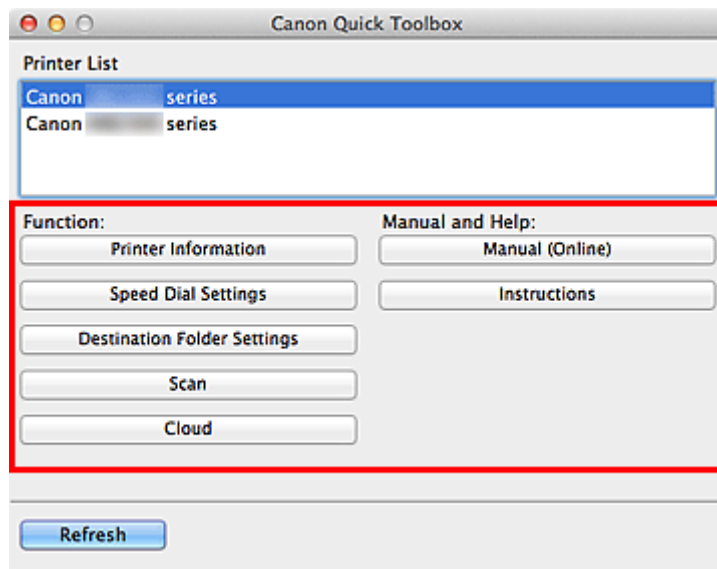

Items corresponding to the selected printer appear in **Function**.

»»» Note

- When your printer is not displayed in **Printer List**, click **Refresh**.

3. Click the item you want to use.

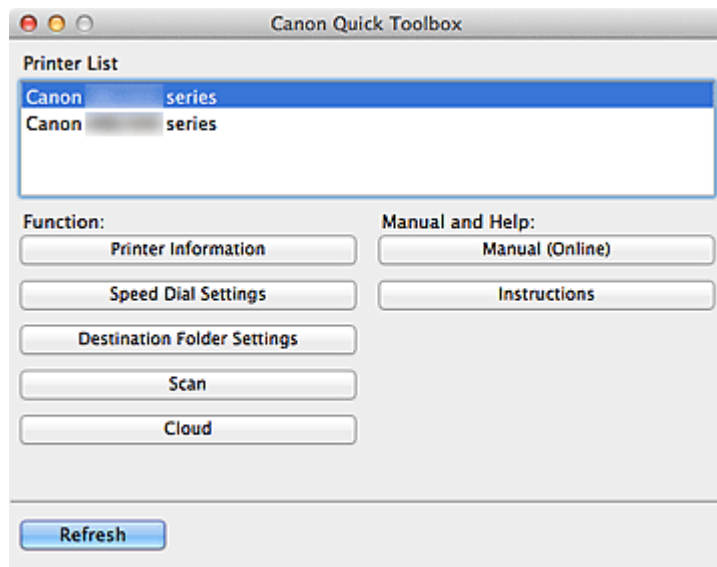

The software starts or manual opens.

►►► Note

- Items displayed in **Function** and the available functions vary depending on the printer selected in **Printer List**.

Main Screen

You can start software or open manuals.

Printer List

Displays a list of Quick Toolbox compatible printers installed on your computer.

Important

- Some functions are not available when a printer connected to a single computer is shared in a network environment and used from multiple computers.

Function

Printer Information

Starts a Web browser in which you can check the printer information or use the utility functions.

Important

- To use this function, the printer and computer must be connected over a network.

Note

- When an authentication screen appears, you need to enter the user name and password. Refer to "Authentication" for details.

Speed Dial Settings

Starts the Speed Dial Utility with which you can edit the fax/telephone numbers registered to the printer.

Destination Folder Settings

Starts Folder Setting Utility with which you can set a network folder as the destination for images scanned from the operation panel of the printer and for received fax data.

Important

- To use this function, the printer and computer must be connected over a network.

Scan

Starts IJ Scan Utility with which you can scan photos, documents, etc.

Cloud

Starts a Web browser and displays Canon Inkjet Cloud Printing Center. Using the printer's cloud function, you can register/manage applications or check the printer's print status, errors, ink status, etc. from smartphones and tablets.

▶▶▶ Note

- Items displayed in **Function** and the available functions vary depending on the printer selected in **Printer List**.
- Refer to the *Online Manual* displayed by clicking **Manual (Online)** for details on the corresponding software.

Manual and Help

Manual (Online)

Opens the manual of your printer.

Instructions

Opens this guide.

Refresh

Click this when your printer is not displayed in **Printer List**.

- **Folder Setting Utility Window**
 - **Add Destination Folder Window / Edit Destination Folder Window**

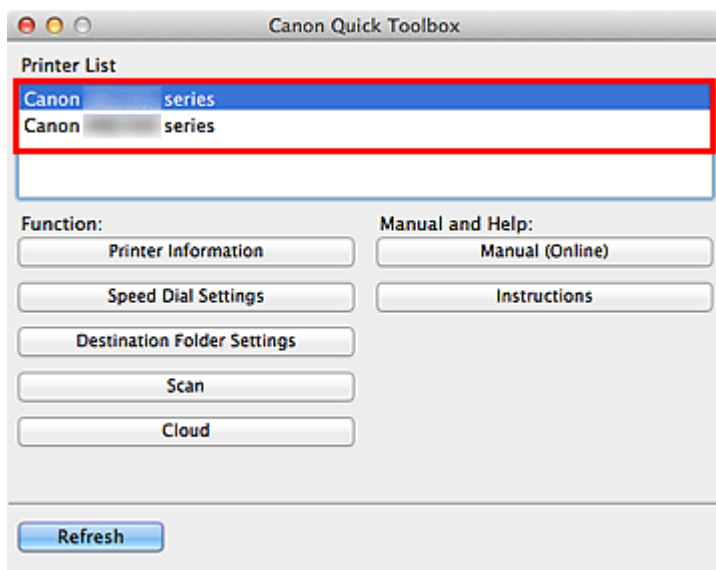

Setting the Destination

You can set a network folder as the destination for images scanned from the operation panel of the printer and for received fax data.

- [Adding Destination Folders](#)
- [Setting the Auto Save Location for Fax Data](#)

Adding Destination Folders

1. Open the Main Screen.
2. Select your printer from **Printer List**.

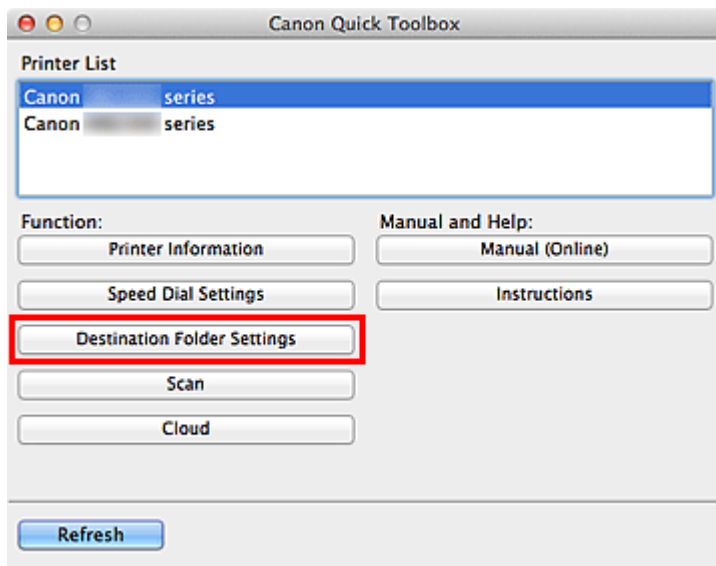

Items corresponding to the selected printer appear in **Function**.

➤➤➤ Note

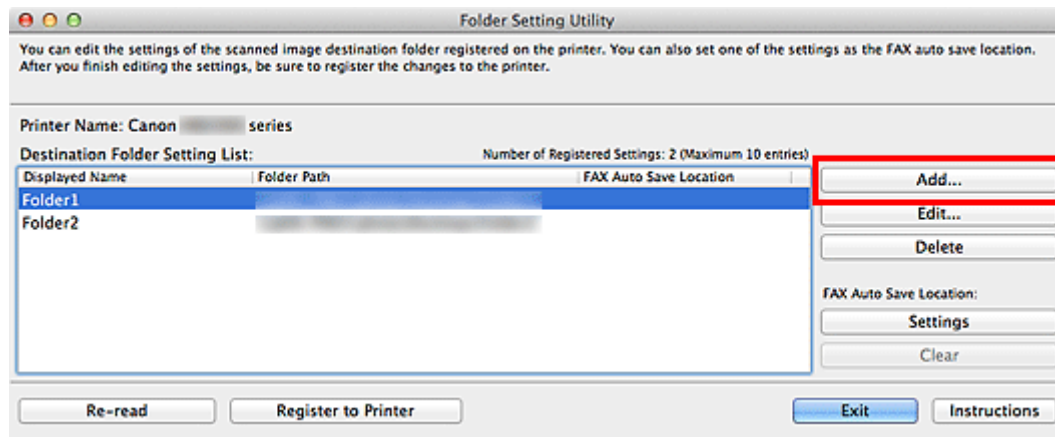

- When your printer is not displayed in **Printer List**, click **Refresh**.

3. Click **Destination Folder Settings** from the items displayed in **Function**.

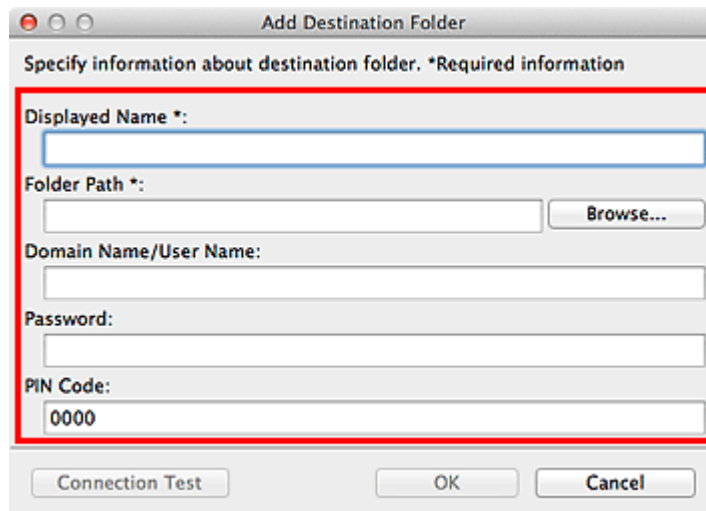

The **Folder Setting Utility** window appears.

4. Click **Add....**

The **Add Destination Folder** window appears.

5. Enter the display name, folder path, etc.

»»» **Important**

- **Displayed Name** and **Folder Path** are required entry fields.

»»» **Note**

- Refer to "[Add Destination Folder Window / Edit Destination Folder Window](#)" for notes on entering each field.

6. Click **Connection Test**.

Check if you can connect to the specified folder.

»»» **Important**

- Make sure of the following before performing **Connection Test**.
 - The printer is turned on
 - The printer is connected to the network
 - Another software or user is not using the printer

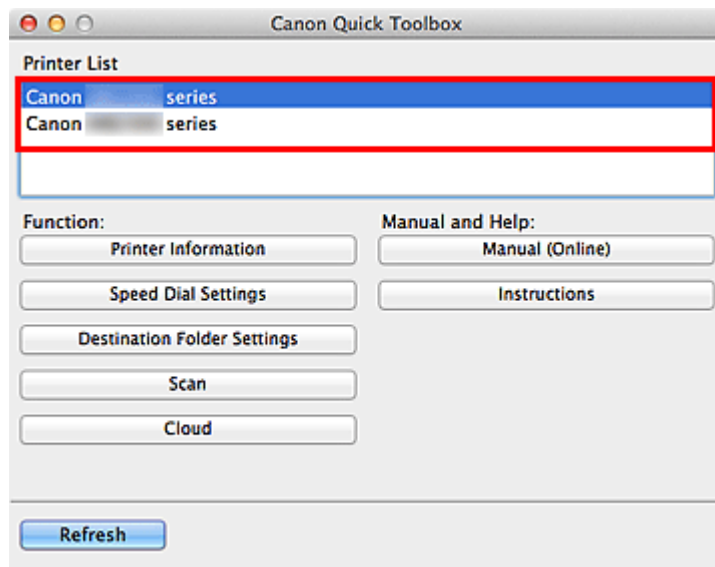

- An error is not displayed on the operation panel of the printer

7. Check the message, then click **OK**.
8. Click **OK** in the **Add Destination Folder** window.
9. Click **Register to Printer**.
10. Check the message, then click **OK**.

Setting the Auto Save Location for Fax Data

Set one of the folders displayed in **Destination Folder Setting List** as the auto save location for fax data.

1. Open the Main Screen.
2. Select your printer from **Printer List**.

Items corresponding to the selected printer appear in **Function**.

»» Note

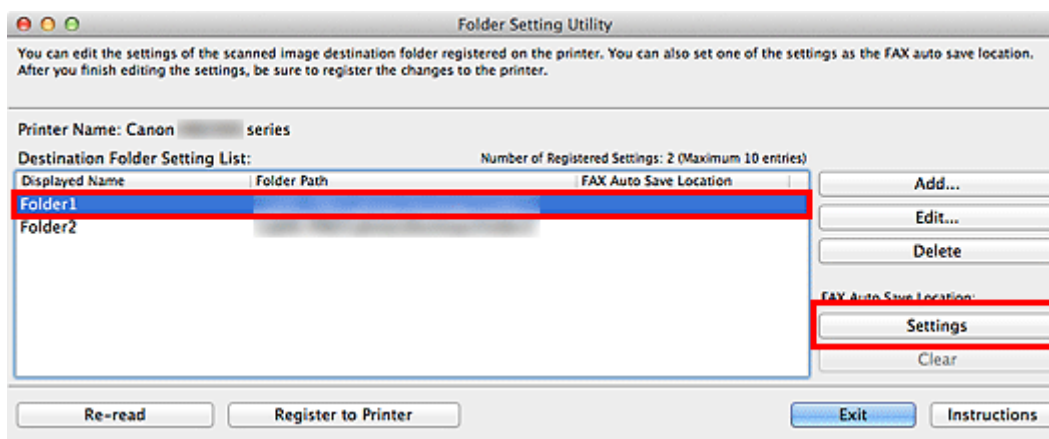

- When your printer is not displayed in **Printer List**, click **Refresh**.

3. Click **Destination Folder Settings** from the items displayed in **Function**.

The **Folder Setting Utility** window appears.

4. Select one of the folders you want to use as the save location from **Destination Folder Setting List**, then click **Settings**.

➤➤➤ Note

- When no folder is displayed in **Destination Folder Setting List**, add a destination folder.

■ [Adding Destination Folders](#)

- If a PIN code entry screen appears, enter the code.

5. Check the message, then click **OK**.

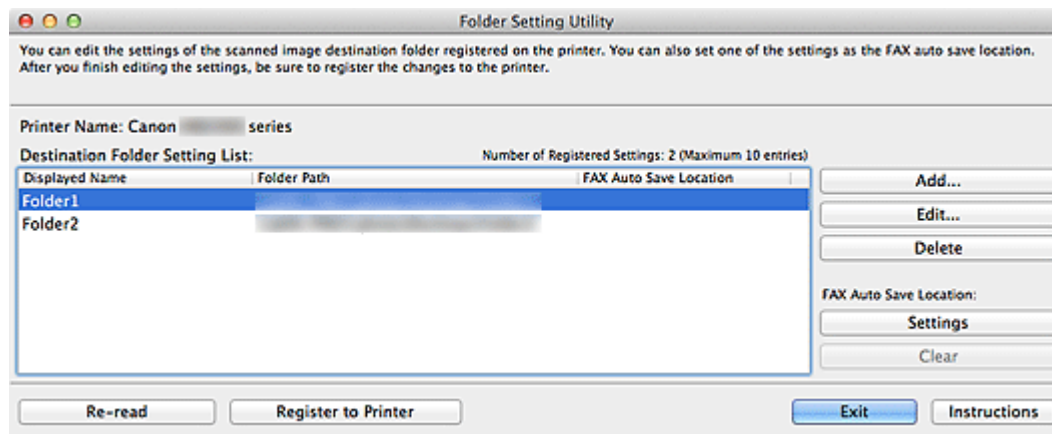

☑ (Checkmark) appears in **FAX Auto Save Location** of the set folder.

6. Click **Register to Printer**.

7. Check the message, then click **OK**.

Folder Setting Utility Window

You can set a network folder as the destination for images scanned from the operation panel of the printer and for received fax data.

Printer Name

Displays the printer name selected in the [Main Screen](#).

Destination Folder Setting List

Displays the list of destination folders for data.

Add...

Click to display the [Add Destination Folder window](#) in which you can add destination folders.

Edit...

Click to display the [Edit Destination Folder window](#) in which you can edit the display name, folder path, etc. of the folder specified in **Destination Folder Setting List**.

»» Note

- When editing a folder to which PIN code is set, a PIN code entry screen appears.

Delete

Deletes the folder specified in **Destination Folder Setting List**.

FAX Auto Save Location

Settings

Sets the folder specified in **Destination Folder Setting List** as the auto save location for fax data.

»» Note

- When setting a folder to which PIN code is set, a PIN code entry screen appears.

Clear

Removes the folder specified in **Destination Folder Setting List** from the auto save location for fax data.

Re-read

Reads the destination folder setting information from the printer again.

»» Important

- Make sure of the following before clicking **Re-read**.
 - The printer is turned on
 - The printer is connected to the network
 - Another software or user is not using the printer

- An error is not displayed on the operation panel of the printer

Register to Printer

Registers the settings to the printer.

»» Important

- Make sure of the following before clicking **Register to Printer**.
 - The printer is turned on
 - The printer is connected to the network
 - Another software or user is not using the printer
 - An error is not displayed on the operation panel of the printer

Exit

Closes the **Folder Setting Utility** window.

Instructions

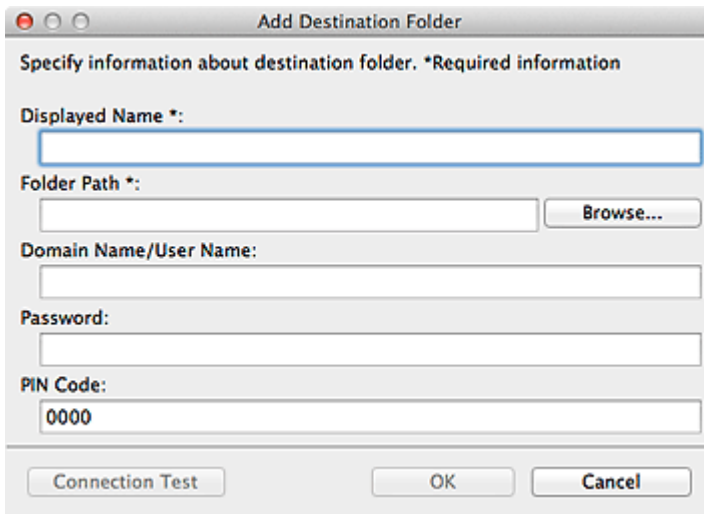

Opens this guide.

Related Topic

- [Setting the Destination](#)

Add Destination Folder Window / Edit Destination Folder Window

You can add or edit destination folders for images scanned from the operation panel of the printer and for received fax data.

Displayed Name

Enter the name you want to display.

►►► Important

- **Displayed Name** is a required entry field.
- Use only the characters that can be entered on the operation panel of your printer.

Folder Path

Specify the destination folder for data. Click **Browse...**, then select the destination folder.

►►► Important

- **Folder Path** is a required entry field.

Domain Name/User Name

Enter the domain name and user name with which to access the destination of data.

►►► Note

- If you don't know the domain name or user name, contact the network (server) administrator.

Password

Enter the password with which to access the destination of data.

►►► Note

- If you don't know the password, contact the network (server) administrator.

PIN Code

PIN code is a security code for accessing the destination folder. Set it to prevent the destination folder from unauthorized access or having the settings changed by a third person.

►►► Important

- Enter a number of at least four digits.
- The default value (0000) is set. When not specifying the PIN code, delete "0000."

- When setting the PIN code, be sure to write it down for future reference since you will need to enter it in cases such as setting the folder as the destination folder for received fax data or for data scanned from the operation panel of the printer.
- If you have forgotten the PIN code, delete the folder from **Destination Folder Setting List**, then add it again.
- When editing the destination folder, enter the PIN code that you set at the time of adding the folder.

Connection Test

Click to check if you can connect to the destination folder for data.

»» Important

- Make sure of the following before performing **Connection Test**.
 - The printer is turned on
 - The printer is connected to the network
 - Another software or user is not using the printer
 - An error is not displayed on the operation panel of the printer

OK

Click to apply the addition and edits.

»» Important

- If **Connection Test** has not been clicked, the utility automatically checks if it can connect to the destination folder for data.

Make sure of the following before clicking **OK**.

- The printer is turned on
- The printer is connected to the network
- Another software or user is not using the printer
- An error is not displayed on the operation panel of the printer

Troubleshooting

An Authentication Screen Appears after Selecting Printer Information

When an authentication screen appears after selecting **Printer Information**, you need to enter the user name and password. Refer to "Authentication" for details.

How to Check the Version - Quick Toolbox -

You can check the version of Quick Toolbox by following the steps below.

1. Start Quick Toolbox
2. Select **About Quick Toolbox** from the **Canon Quick Toolbox** menu.

The version information appears.
